

AOPA Air Safety Institute Presents 'Flying for a Lifetime'

You are likely not the pilot you once were. Experience, physical stamina, risk tolerance, mental acuity - they all shift over the years in both obvious and not-so-obvious ways. The question is, how do you adjust? Our latest seminar delves into the forces that shape pilots, and explores different ways to maintain a high level of safety over a lifetime of flying.

Directions: Flying In? Park your aircraft on the Pensacola Aviation Center ramp. For a ride to the seminar, check at the PAC front desk by 6:30 PM. Driving? Consult map link provided below to Pensacola North 9th Ave & Underwood Ave. Turn East on Underwood Ave. Look for "FAA Safety Meeting" yard signs and a Green Rotating Beacon.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
